A Guide to Sports Premium Funding and developing PE at our Academy

This booklet aims to outline what the Sports Premium is and how it is being used across our Academy.

WHAT IS SPORTS PREMIUM?

The Government is providing funding of £150 million per year for the academic years 2013/2014, 2014/2015 and 2015/2016 to provide new, substantial primary school sport funding. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see the money and will see the money going directly to head teachers to spend on improving the quality of sport and PE for all their children.

The sport funding can only be spent on sport and PE provision in schools.

ELIGIBLE SCHOOLS

All state-maintained primary schools, academies, middle schools, special schools (including non-maintained special schools) and pupil referral units which have primary aged pupils (as reported in the 2015 school census) will receive funding.

HOW MUCH WILL OUR ACADEMY GET?

In each school all schools with 17 or more primary-aged pupils will receive a lump sum of £8,000 plus a premium of £5 per pupil. This means that an average sized primary school will get just over £9,000 per year.

THE PURPOSE OF THE FUNDING

Schools will have to spend the sport funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

Possible uses for the funding include:

- Hiring specialist PE teachers or qualified sports coaches to work alongside primary teachers when teaching PE.
- Paying for staff training to improve their skills in teaching PE and sport.
- Providing cover to release teachers for training in PE/sport.
- Running sport competitions or increasing participation in competitions.
- Buying new teaching resources.
- Providing more after school sports clubs.

MONITORING THE FUNDING

Schools and Academies will be held to account for how they spend the sport funding. Externally, Ofsted will check to see if the school is using the money appropriately. Internally, the Governing Body has received presentations from the PE Subject Leader and reports from the Headteacher; they continue to monitor the effectiveness of how the funding has been used.

BEST PRACTICE

Schools will be able to draw on information on effective practice from case studies provided by the very best schools. One year on, Ofsted will carry out a survey reporting on the first year's expenditure and its impacts.

SPORTS PREMIUM AT PORTER CROFT 2013/2014

After completing an audit of PE provision across the Academy we have highlighted 4 key priorities:

- **Developing a new PE curriculum**
- **Staff Continuous Professional Development and Training**
- **Developing Competition**
- **Playtime and Lunchtime Provision**

DEVELOPING A NEW PE CURRICULUM

A new curriculum has been developed and has been implemented across the Academy from January 2014. The curriculum is divided in 6 areas of learning. Each class will focus on the same area of learning at the same point in the year. These six areas are:

- **Cooperation** (Autumn 1) - Children will work on 'team building', problem solving and cooperation.
- **Expression** (Autumn 2) - Children will work on using their bodies and the way they move to express thoughts, feelings or as a way of communicating
- **Stamina and Coordination** (Spring 1) - Children will work on increasing their stamina and coordination through a range of activities.
- **Composition** (Spring 2) - Children will work on developing fluent sequences and routines.
- **Leadership** (Summer 1) - Children will learn to give instructions, make improvements, follow rules, lead small groups and develop new activities.
- **Competition** (Summer 2) - Children will learn to play fair, follow rules, work together and control their emotions in a competitive environment.

STAFF CONTINUOUS PROFESSIONAL DEVELOPMENT AND TRAINING

Teaching staff are working alongside trained coaches to develop their subject knowledge. Staff audits have been given out to teachers to assess their level of confidence in each of the six new areas. Staff training will be booked throughout the year to develop subject knowledge.

DEVELOPING COMPETITION

We held a sports day at the English Institute of Sport so that the children could experience Olympic standard sporting facilities.

An intra-school competition network has been set up across the Academy with a PCSOCrew (Porter Croft Sport Organising Crew). The PCSOCrew will be responsible for choosing, developing, advertising and organising the intra school competitions that will take place every half term.

PLAYTIME AND LUNCHTIME PROVISION

Using an Awards for All grant we have installed a Scrapstore Play pod which has increased activity levels and child led learning during playtimes.
