Science Trip – Yorkshire Natural History Museum

Dear parent or carer,

Our current Science focus in Year 6 is Evolution and Inheritance. In order to provide children with a first-hand experience of observing fossils, which support the theory of evolution, we are visiting the YNHM.

The trip will include:

- A guided tour by one of our excellent palaeontologists
- Workshop including a chance to learn about, discuss and hold different fossils.
- The tour and the workshop will last around 1 hour and a half.

The trip will take place on **Friday 29th September 2023**; your child will need to bring their own packed lunch (unless you are eligible for free school meals). Please could you also ensure your child arrives at school at 8:30am. We will be travelling to the museum by public bus and a voluntary contribution of £5 would help greatly. This can be paid via ParentPay or by cash at the school office.

Thank you

Mr Rowe

Y6

Science Trip – Yorkshire Natural History Museum

I give / do not give permission for my child to take part in the visit to the Yorkshire Natural History Museum on Friday 29th September.

I would like to pay £5 via ParentPay
